

To whom it may concern

Signature Healthcare had the opportunity to work with Maun-Lemke in 24 centers on Revenue Growth.

Maun-Lemke's coaching process with these centers over a 16 week process allowed the centers to

- a. Develop new techniques and systems
- b. Form a team based approach to revenue growth
- c. Create an accountable process to measure success
- d. Grow Revenue by 27.8% through the initiative

The coaching by Clint Maun and Cheryl Boldt was customized for each center and created very positive, fun energy

We accomplished a significant return on investment

I would highly recommend the Maun-Lemke Revenue Growth program.
