Food For Thought

Steer Clear of these Holiday Stressors!

The holidays are right around the corner. Although they are indeed a time for celebration, they can certainly bring on stress, too. Here are some holiday *donâ€™ts* to keep in mind this season:

- **Donâ€™t set goals like â€œthis is going to be the best holiday ever!â€** You could be setting yourself up for disappointment. Moreover, trying to achieve such lofty and often undefinable goals can create a lot of unnecessary stress.
- **Donâ€™t start gift shopping without a budget.** Set limits to how much you want to spend on gifts this year and stick to it. Without a budget, youâ€™re much more likely to overspend and then feel the financial stress when those credit card bills come in January.
- **Donâ€™t feel like you have to attend every social gathering.** Pick the ones that are most important to you, and graciously decline the rest. Just be sure you donâ€™t accept an invitation and then pull a no-showâ€”this is inconsiderate and can make your next encounter with the host uncomfortable and stressful.

â€œNothing says holidays, like a cheese log.â€
