- (3) Needed more time with this subject.
Please enforce "no talking" while the speaker is presenting. Thanks.
Great start to the day.

SITE

Too many tables/people crammed into Paradise 3. Table ends are horrible for whomever has to sit on the end of the table.

Cordless microphones without clips was a distraction to listeners.

Could hear but microphone had to be held by speaker making it distracting for the listener.

Need better microphones so speakers can clip them on and not have to hold them up to mouth.

SPEAKER(S)

Excellent speaker. Lots of good ideas. Would like to have her again.

Lots of good information.

She was right on target. Great speaker for team work. Would have liked to have more on how to do investigation and specific abuse investigation.

She was excellent. Finally someone who actually gives good ideas/insights/methods to use rather than just point out the problems we all know about already. Very entertaining and fun. Easy to keep attention on the material presented. Definitely would like to see her back.

- (3) Great speaker.

Enthusiastic. Needed more time on investigating matters.

- (3) Great presentation. Have her speak again.

Moved through message too fast but message beneficial. Fun to listen to. Good knowledge history of issues.

Very good speaker. She represents what we all should be doing in health care for our residents. Bring her back.

Informational, educational, and motivational.

She should speak at each and every facility. Very eye opening. Thank you.

Very informative. Good ideas. Knowledgeable and knows information well. Presents material in interesting way.

This presentation was one of the best I have attended over the past few years. She is one of the most dynamic, funny, and very informative presenters. She uses many real life examples and talked overall about team building among team members at a facility around the concepts of abuse. It was a wonderful two hours.

Wonderful. Addressed so many issues currently going on at our facility. Great interventions for me to implement.

Very good presentation. Great material.

- (2) Excellent.

Very good speaker. Didn't really have time to go into the investigation part. Was not even half way through slides with only 20 minutes left.

She was great.

Starts slow, too hurried to finish.

Speaker was very engaging and well informed on the subject. Lost sight of subject matter yet brought much information to the table. Ran long.

Very good presentation. Wonderful information presented in a fun and creative way. Wonderful ideas.

Enjoyed the presentation. It did turn into more of a seminar on customer service than on abuse. Speaker was knowledgeable and entertaining.

(3) Room got too warm at times.

Microphone problems.

Ramada at break times need more serving sites (lines way too long) and more trash containers throughout conference area. Conference rooms too warm on Wednesday afternoon. Hotel employee told speaker he wasn't allowed to change temperature too frequently because of their condenser.

Have a better sound system for the speakers.

Room temperature was freezing.

SPEAKER(S)

Good presenter. Too much repetition.

Wonderful speaker.

This was a fall workshop. Spent too much time on communication and not enough on falls. Much was a repeat of abuse.

Great and inspiring speaker. Good ideas. Knows material very well. Easy to listen to and kept our attention. Hope to use some of her ideas in our facility.

Too much repetition from previous two sessions with same presenter.

New forms or forms referred to should be available in handouts if they have been carried over to another meeting.

Does the speaker realize that she swears throughout her presentation? "Oh my God" every little while is not what I would expect from a speaker.

Excellent.

The speaker was sensational. She was full of energy, added humor, and was very knowledgeable. It was a great session.

Very good speaker. Kept my interest.

Great.

Wonderful speaker. Taught me a lot to take back to my facility. Thanks.

Excellent speaker. Very motivational.

Excellent, enthusiastic speaker.

Excellent. Some of the same information as morning session but good reasons for it and that's ok.
