Dear Clint:

You were a huge hit with our staff and participants at the 19th Annual Lou Lewis Symposium at Seven Acres. The day started out great and ended with a lot of new ideas and different perspectives. We now call ourselves "The Senior Counsel" at department meetings as a reminder to look beyond what we knew before you enlightened us. Texas Association of Homes and Services for the Aged are compiling the evaluations and will forward to Kathy Cain. As I reviewed the evaluations, they are the highest ratings I have seen over the years. You did a great job delivering new knowledge and at the same time we had fun learning and laughing. I have heard the ID 10t used a few times.

Clint, thank you for a great morning session and an enlightening staff session in the afternoon. You were superb!

Respectfully Yours,

Marsha Doctor
Administrator of Campus Services
